

Job Posting

Positions: Instructors, Population Health Data Analysis, PROFESSIONAL SPECIALIZATION CERTIFICATE (PSC) program

Posting Date: January 23, 2023

Closing Date: Posting will remain open until the pool is filled

Format: Online

Pay Rate: \$6250 plus 4% vacation pay

Continuing education has been an integral part of the University of Victoria since its inception in 1963. Today, the Division of Continuing Studies (DCS) provides adult and continuing education programming in co-operation with UVic faculties and community partners. We offer a comprehensive portfolio of programs in a range of academic disciplines, using diploma, certificate, degree and other programming models to serve adult, part-time, international and geographically dispersed students.

Positions summary:

The Division of Continuing Studies is interested in developing long-term relationships with superior instructors who have high professional standards, excellent communication skills, enthusiasm and a commitment to creating learning experiences immersed in adult education principles.

We are seeking professionals with a keen interest in sharing their knowledge and experience in the field of Population Health Data Analysis. Successful candidates will be familiar with population health data analysis, epidemiological study design and related subject areas. Ideal candidates will have a Ph.D. in the field of epidemiology or Population and Public Health with related research experience in public health. Experience in applying spatial statistics to epidemiological studies as well as proficiency in the use of and administrative health data will be considered an asset.

Qualifications:

Applicants must have:

- A minimum of a Master's degree in Epidemiology, Public health, Geography, Environmental Health or related social science discipline.
- Research and/or work experience in the field of epidemiology and Population and Public Health.
- Technical knowledge and experience using ESRI ArcGIS software.
- Excellent interpersonal, communication, and facilitation skills.
- Previous teaching experience (designing content for a course, training or presentation) is preferred.
- Knowledge in distance education considered an asset.
- Experience in the use of SAS and R considered an asset

General Requirements:

We are seeking instructors for the following courses:

[Population Health and Geographic Information Systems \(GIS\)](#)

[Spatial Epidemiology and Outbreak Detection](#)

For further information about the **Professional Specialization Certificate in Population Health Data Analysis**, please visit continuingstudies.uvic.ca/phda

The PHDA fully online, non-credit courses are offered as a partnership between [Population Data BC](#), the University of Victoria, Division of Continuing Studies and the Department of Geography.

How to apply:

Please submit a cover letter and current resume (in pdf format), indicating your area of expertise within the two abovementioned courses to:

Ann Greenwood, Program Coordinator

Division of Continuing Studies University of Victoria

phdacoord@uvic.ca

Equity statement:

The University of Victoria is an equity employer and encourages applications from women, persons with disabilities, members of visible minorities, Aboriginal Peoples, people of all sexual orientations and genders, and others who may contribute to the further diversification of the University. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadians and permanent residents will be given priority.
