Summer Arts Series: Call for Proposals from UVic Fine Arts Alumni, Sessional Instructors and Graduate Students

The Division of Continuing Studies, in partnership with the Faculty of Fine Arts and Alumni Relations at the University of Victoria, is looking forward to offering the second edition of the Summer Arts Series. Our theme for 2023 is Arts and Technology.

The evolution of technology has changed the way art is created and shared, inviting new arts forms and ways of engaging with audience(s). The Division of Continuing Studies invites proposals from UVic Fine Arts Alumni, sessional instructors and graduate students for the delivery of workshops and lectures for the 2023 Summer Arts Series. These non-credit workshops are for working professionals in arts careers as well as interested members of the public looking to gain new knowledge, skills and explore the creative process.

Focused on the theme of art and technology, sessions can range from hands-on workshops to lectures, offered online or in person. Providing short, immersive learning opportunities, proposals can include half-day, full-day, or 2-day workshops utilizing resources on campus such as the [Digital Scholarship Commons](#) or the [Studios for Integrated Media \(SIM\)](#) as required.

We are looking forward to receiving proposals in all five areas of fine arts: Art History and Visual Studies, Music, Theatre, Visual Arts and Writing. Some sample topics are:

- Storytelling through podcasting
- AI art – its uses and pitfalls
- Virtual reality
- Immersive art installations
- Composition and technology

In order to keep our fees reasonable for our community learners, we are able to offer a rate of \$100 for each instructional hour. Sessions will be scheduled in the first two weeks of July 2023.

Applicants should:

- Be fine arts alumni, sessional instructors or graduate students from the University of Victoria;
