“The ELC is awesome. It’s so much more than just a place that you would go to learn English, it’s a place that make you grow up as a person and gives you very special experiences. The people that I met in the ELC program, everybody was so receptive and kind, both friends and teachers, and it made me feel like home.”

English for Global Communication Program (Online)

“In my online course I could improve my skills in all areas—writing, speaking, reading and listening. One helpful thing that I learned was the way to write a cover letter and letter for friends. Also, we had discussions in our virtual classes. At first, I was nervous to talk in English, but our class teacher made us feel comfortable to talk in English. Thanks to him, I enjoyed the virtual class.”
