Perfect your English and advance your career with a prestigious business credential from one of Canada's top universities!

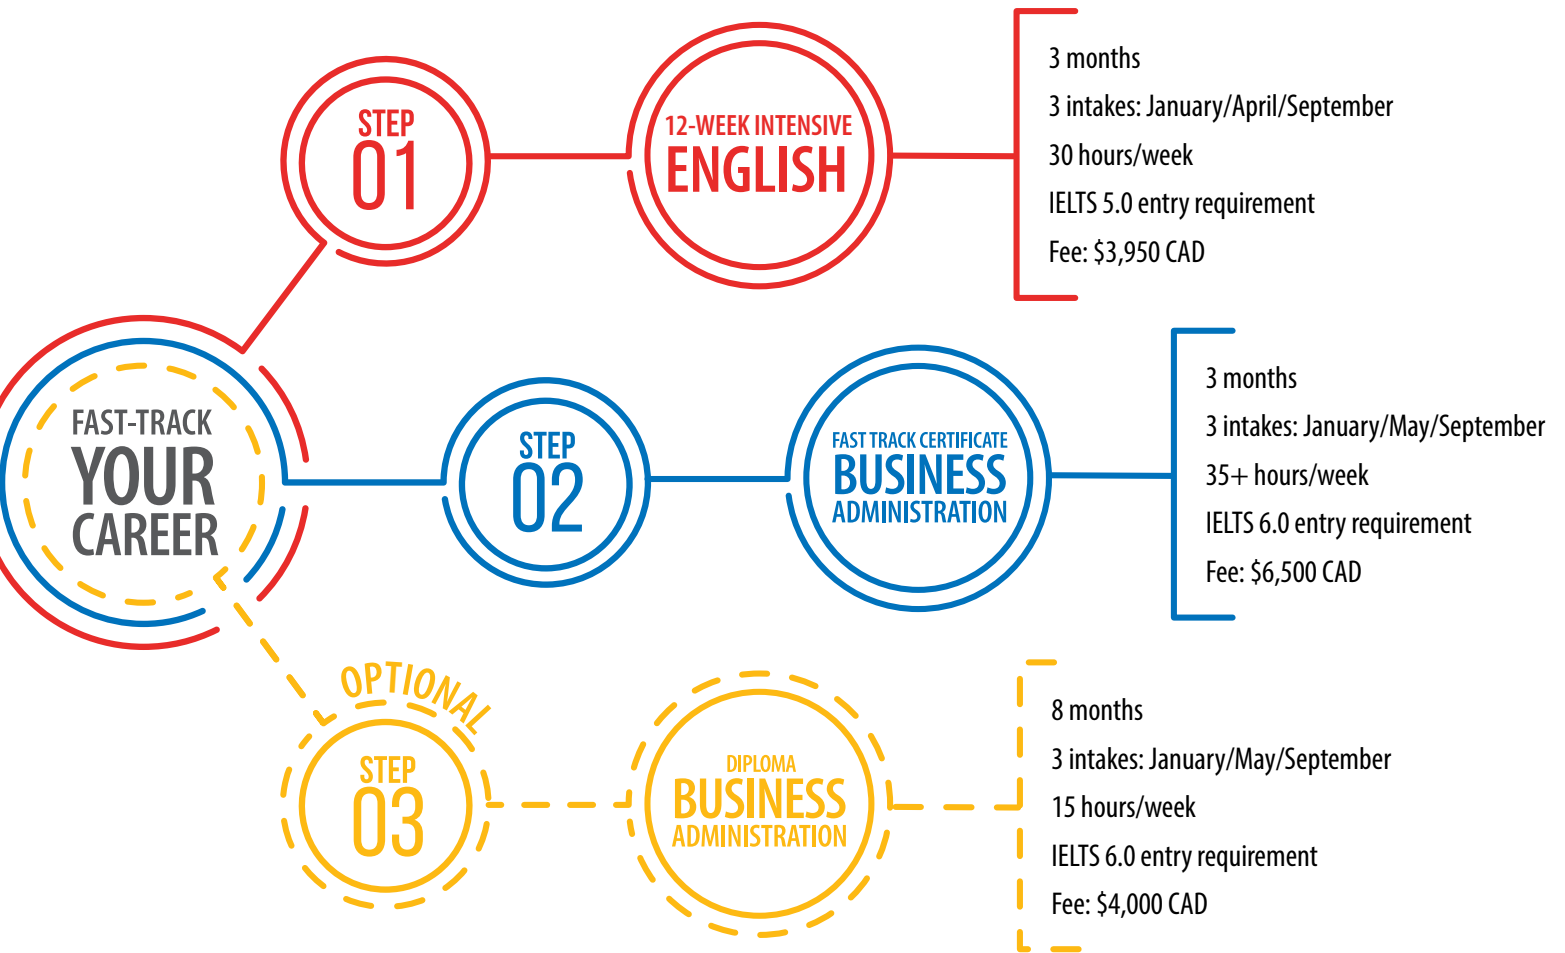

In as little as eight months, you can enhance your university education and/or professional experience with English language and business administration training that will set you apart in today's competitive job market.

In this unique combination of programs, you will:

- Obtain an advanced level of English through the UVic English Language Centre
- Earn a Certificate in Business Administration (CBA) alongside Canadian students
- Advance your business studies further by completing additional courses in order to earn a valuable Diploma in Business Administration (DBA) in 16 months.

The University of Victoria is consistently ranked in the top 1% of universities worldwide and our integrated business administration programs provide the practical skills and academic credentials that employers are looking for. You will learn the principles of business communication in English, plus develop the key financial management, marketing and strategic decision-making abilities required to become a leader in your industry.

International students who successfully complete the DBA may also be eligible to apply for a **post-graduate work permit** in Canada!

**STEP 1, 2 + 3 TOTAL FEES: \$14,450 CAD**

**Enhance your competitive advantage today!**
